

**Hercules Chemical Company, Inc. Asbestos Trust
c/o Wilmington Trust Company
1100 N. Market Street
Wilmington, DE 19890**

February 25, 2019

Section 4.2 of the Trust Distribution Procedures requires the Trustee of the Hercules Chemical Company, Inc. Asbestos Trust to reconsider the payment percentage no less frequently than once every three years or at shorter intervals if the Trustee deems such reconsideration to be appropriate or if requested to do so by the Trust Advisory Committee or the Legal Representative. Accordingly, and upon the recommendation of the Trust's advisors, the Trustee deem such reconsideration to be appropriate at this time and have directed the Trust's advisors to provide a report and recommendations regarding a reconsidered payment percentage.

The Trustee will re-determine the payment percentage not less than thirty (30) days from the date of this letter. Assuming the claimant received a release prior to the announcement of a proposed payment percentage change, each claimant will have until March 29, 2019 to return a properly executed release in order to qualify to receive the current payment percentage.

Please be aware that failure to do so could adversely affect your rights. Similarly, if after the consultation and consent requirements of the TDP and Trust Agreement have been met, a revised payment percentage is adopted by the Trust that is higher than the current payment percentage, claimants who received payments based on a lower payment percentage shall receive a supplemental payment.

Yours very truly,

Michael F. Rooney
Trustee of the Hercules Chemical Company, Inc.
Asbestos Trust
